

The nurse practitioner specialized in primary care (NPSPC) you are currently seeing is offering you the opportunity to become your treating professional. To accept, you must complete the **attached form**. This NPSPC is committed to taking you on as their patient and ensuring follow-up of your health problems.

Your follow-up includes the prescription of examinations or medication. If necessary, it includes requests for consultation with another NPSPC, general practitioner or medical specialist.

DO YOU HAVE TO COMPLETE THE FORM?

Are you not registered with a family doctor, or a NPSPC but would like to register with the NPSPC you are currently seeing?	Are you already registered with a family doctor, or a NPSPC but would like to register with the NPSPC you are currently seeing?	Are you already registered with a family doctor, or a NPSPC and would like to remain registered?
<p>Complete the form to accept the NPSPC's offer. From the date you sign the form, the NPSPC you consult becomes your treating professional: they agree to take charge of you and your medical follow-up.</p>	<p>Complete the form to accept the NPSPC's offer. From the date you sign the form, the NPSPC you consult becomes your treating professional: they agree to take charge of you and your medical follow-up.</p> <p>Upon receipt of your new registration, we will inform your previous treating professional that you have cancelled your registration with them. We will also inform them of the details of your new treating professional and your place of registration.</p>	<p>Do not complete the form. The registration with your family doctor or your NPSPC will remain unchanged.</p>

IMPORTANT: Registration with a treating professional is not a condition for receiving medical services.

You cannot register with more than one treating professional.
